

**risk on mind®** - We practice risk management with heart and soul!

We are an established consulting company, with focus on enterprise risk management of industrial companies. With over 20+ years of experience, more than 3,000+ site inspections and related projects, our managing directors and consultants draw on extensive industry experience. As a company we always question the status quo, and we believe in finding solutions through creative thinking. Currently, we are offering:

**Internship Position for Students with special focus on Business Continuity Management -  
m/f/d  
Full-time (38,5h / week)**

For our constantly growing location in 1010 Vienna, we are looking for an intern to help and support our team. Get to know our world of risk management, and work alongside our risk management experts!

**Your tasks:**

- Maintain and manage data related to our analyses of industrial plants and processes
- Assist in creation of documentation
- Support our consultants during the entire project life cycle
- Preparation of data for quantitative analysis with help of our in-house system
- Assist in planning development and implementation of control measures

**Your profile:**

- Initial knowledge of risk management (preferred)
- Time management skills
- Organizational skills
- Good MS-Office skills
- Fluent English (written/spoken)
- Structured approach and willingness to learn
- Willingness to travel

**Our offer:**

- An interesting and challenging internship position in a fast-growing company
- Representative office in the center of Vienna
- Public Transport Pass ("Wiener Linien")
- Familiar working atmosphere and flat hierarchies
- Working on a global level
- Home office option

**Our Requirements:**

- Pursuing a bachelor's or master's degree - preferably industrial engineering, mechanical engineering or similar education
- Available to do a 6-month internship (Alternative options possible)
- Available to work full time (38,5h / week)

The monthly gross salary for this position is 1.200€ incl. Accident insurance.  
Have we caught your interest? We are looking forward to your application!
